## Chapter 1 by Double\_A

What happens when you realize that you have been watched on by people you don't even know about for years? No, not your parents. Total strangers to you.

I was a very happy teenage girl who loves football, video games and science for a very long time. All I wanted to do was to remain happy always. But when I was eighteen, one fine summer day, something goes completely wrong.

It was a Sunday. I was playing Prototype 2 on my laptop. I was totally engrossed in the game until my laptop's webcam turned on and a message appeared in a pop-up like window.

"We need to meet. It's almost time!"

I slammed the laptop close and just then my mom called out to me. I ran down.

"Can you run to the grocery for me?"

"Sure!" I said and ran up to my room and grabbed a quick outfit, my little bag, my mobile and my car keys.

I ran down the stairs, kissed my mom on her cheek and ran out to my car.
